OLA dedicates new building

Our Lady Academy held a dedication and blessing ceremony for its new classroom building, Mercy Hall, on Wednesday. Principal Sr. Donella Hartman recognized past principals of Our Lady Academy, Msgr. Gregory Johnson, Dr. Mike Ryan, Msgr. James Russell, Sr. Virginia and Sr. Jacqueline. The building was blessed by Bishop Joseph Howze, who was assisted by Our Lady of the Gulf Catholic Church Pastor Fr. Peter Mockler. (Echo staff photo by Liz Haas)

Public hearing set for casino standoff at Henderson Point

BY AMY PICKICH
Spectrum Gaming of MS, Inc. and the Concerned Citizens to Protect the Isles and the Point, Inc. will continue their dispute over a proposed casino site at Henderson Point in Pass Christian at an October 12 public hearing.

The Harrison County Board of Supervisors on Thursday did not rescind a previous resolution made on Monday opposing gambling in the area. However,

they did agree to give Spectrum 30 days to present their position before a resolution is sent to the State Gaming Commission.

At the meeting, attorney Gerald Blessey said that Spectrum was not treated fairly and that he wanted equal time to prepare for the meeting.

Area property owner Lib Duffy said her group had been on the supervisor's agenda for weeks.

At the meeting Blessey also said he would not approach the gaming commission for a license prior to the public hearing. He was unavailable for further comment.

Initially the board said that the unincorporated site, on the Bay of St. Louis just west of Pass Christian, is unsuitable. The board also agreed to recommend that the commission reject any gambling license application for the area.

The meeting is tentatively scheduled for October 12 at 7 p.m. at the Gulfshore Baptist Assembly, which is about 6 1/2 blocks south of where Spectrum wants to build the 80,000-sq.-ft. casino.

"We're just going to go in and tell them how we feel," said Duffy. "...hopefully they (the supervisors) will hold to pass the

Mississippi Landing site hearing Sept. 7

The State Gaming Commission will hear from supporters and opponents on the legality of the proposed Mississippi Landing casino at a site approval hearing Tuesday at 9 a.m. in Jackson.

The legality of the site revolves around whether it is on the Jourdan River or the Bay of St. Louis.

Critics of the proposed casino say the site does not meet the

requirements outlined in state law for dockside gambling.

Officials representing Mississippi Landing, a \$100 million proposed casino development at 603 and I-10 just north of Bay St. Louis, will present expert

testimony to help prove their case.

Hancock County officials are planning to attend the meeting to show support for the project, as well as opponents of the proposed casino.

Logtown School

Reunion planned for those who attended school eliminated by NASA's test facility

BY JANET MCQUEEN

Former students of Logtown School, where Hancock County residents were educated from 1907 until 1966, are invited to a reunion Saturday, October 16, at the C.B. Murphy gym in Pearlman.

Members of the Logtown Schools Booster Club are planning the event. Some 300 persons attended the last reunion, held for alumni of the original school, which stood from 1906

until 1947 close to the Logtown Cemetery.

A new school was constructed in 1948 on property donated by Nettie Koch, and operated until the community of Gainesville was incorporated into the National Space Technology Laboratories (now John C. Stennis Space Center) in 1966.

Those students were first transferred to Bay High School, according to reunion planners Joyce and Louis Dawsey. They

were later moved to the Hancock and Picayune School Districts.

"Former teachers, cooks and bus drivers will receive special invitations," said Joyce Dawsey, who said several out-of-state alumni are planning to attend.

Entertainment will be provided by the Kountry Kloggers of Picayune.

MESC reports more workers, fewer unemployed in Hancock

Hancock County continues to experience growth in the civilian labor force and a decline in unemployment.

The Mississippi Employment Security Commission reports unemployment rates for July are 5.5 percent for Hancock County (7.2 percent in June), 6.3 for the State of Mississippi (8.0 in June) and 6.9 for the United States (7.1 for June).

The Mississippi rate was the lowest point for the year and is a record six-tenths of a percentage point below the national rate for July.

The civilian labor force in Hancock County rose by 100 persons from 15,250 to 15,350. Unem-

ployment fell from June's rate of 1,100 to 840 unemployed persons in Hancock County in July. The number of employed persons rose from 14,150 in June to 14,510 in July.

Neighboring counties rates include: from 5.6 in June to 4.1 in July for Harrison County, from 7.6 to 6.0 percent for Jackson County, from 10.3 to 8.1 in July for Pearl River County, and from 10.8 in June to 8.6 in July for Stone County.

MESC expects a drop in both employed and unemployed counts in August as students begin exiting the summer labor force.

Summer's end

Labor Day marks close of season

BY LIZ HAAS

Although temperatures are still soaring in the high 80s and 90s, it's time to put away those white shoes and retire the bathing suits because summer has come and gone.

Labor Day, a holiday honoring working people, is a legal holiday in the U.S. and is celebrated on the first Monday in September as the

close of summer.

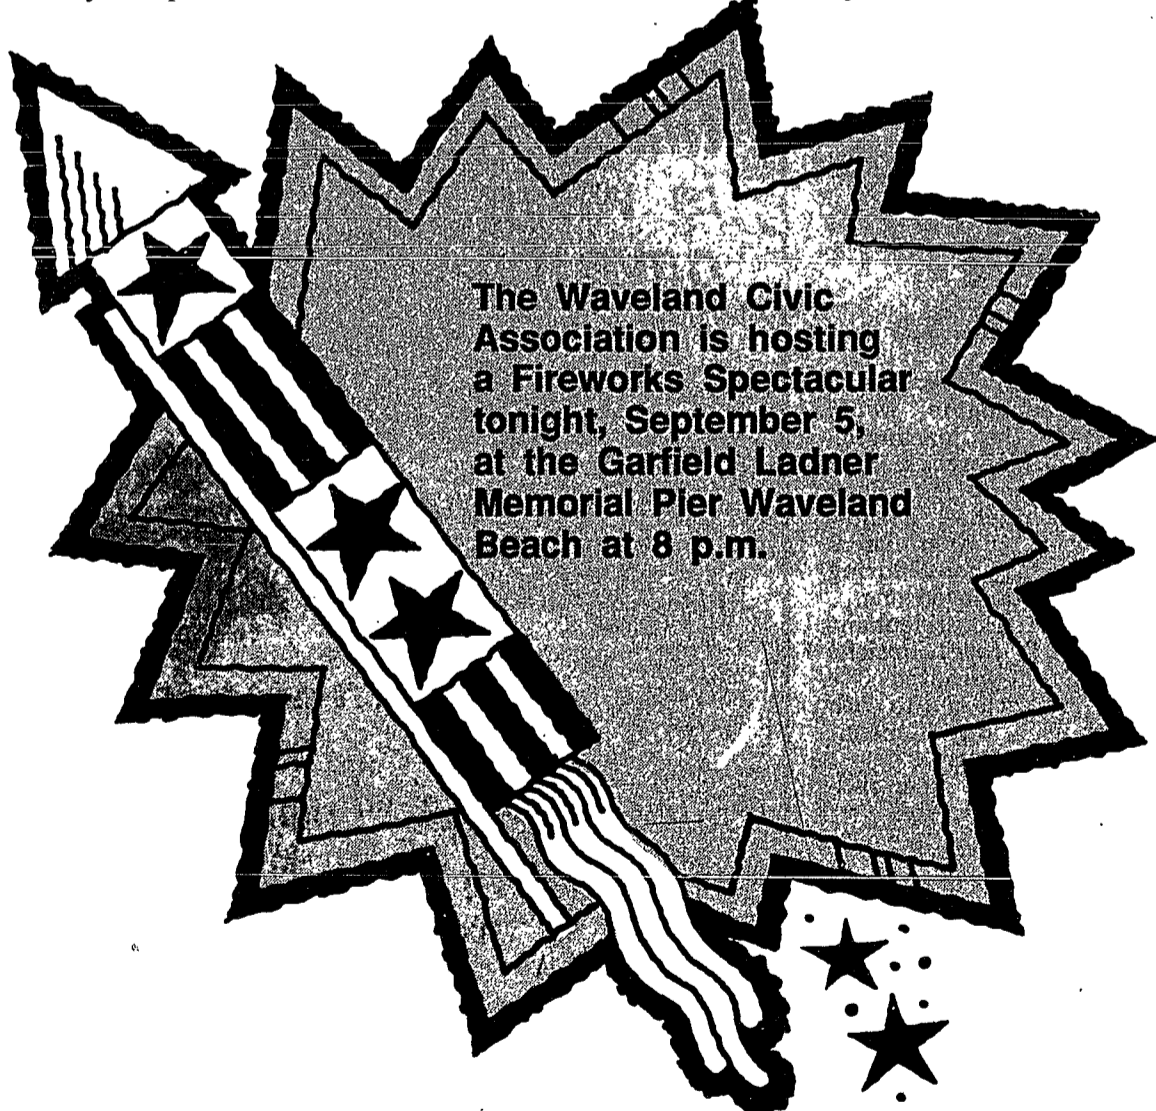

The holiday is celebrated in many ways, but for most people it is a day for rest and recreation.

The first Labor Day parade, held under the auspices of the Knights of Labor, was in 1882 in New York City. In 1894, Labor Day was made a national holiday by President Grover Cleveland.

In celebration of Labor Day, all county and city offices will be closed Monday, September 6.

All local banks and the Bay St. Louis and Waveland Post Offices will be closed Monday.

Waste Management will continue regular pick-up schedules in the city of Bay St. Louis. Garbage in the City of Waveland will not be

Tips must be reported to IRS

The compliance 2000 strategy is a new approach of the Internal Revenue Service to educate taxpayers up front about their tax responsibilities. Its goal is to increase voluntary compliance by eliminating barriers to compliance and minimizing taxpayer burden.

Under this program the IRS has embarked on a project that is designed to educate persons receiving tip income. IRS agents are visiting approximately 100 businesses and associations in Mississippi with tip employees, such as restaurants and casinos, providing information to managers and employees alike on tip reporting.

"There are a number of misconceptions about tip reporting," said Bob Douthitt, IRS district director for Mississippi. "Some employees don't realize they are required to report and pay taxes on 100 percent of tips received."

Pediatric asthma seminar planned

A free pediatric asthma awareness seminar, entitled "Asthma: A Disease Without Frontiers," will be hosted by NorthShore Regional Medical Center Thursday, Sept. 9, 6:30 p.m. on the hospital's campus in Clinic II, 105 Medical Center Drive.

The only pediatric pulmonologist in the entire north shore region, Dr. Eduardo Hernandez, will be the featured speaker.

Asthma sufferers and especially parents of asthmatic children are encouraged to attend. Seating is limited and reservations are recommended. To register, call (504) 646-5127 or 1-800-749-6363.

Card of Thanks

The family of Rev. R. N. Sams of Pearlinton, N.J., would like to thank the Pearlinton community, Hancock and neighboring counties, Four League of Churches, friends, public officials and ministers for the kindness shown during the death of our loved one.

The flowers, cards, telephone calls, prayers and contributions were deeply appreciated. We will forever be grateful to each of you because you were meant to make a difference.

May God bless and keep each of you in a special way.

Reflections

On Life

By Father Jerome LeDoux, SVD

Tell your story

"My husband had a good appetite until the last few weeks. As soon as he all but quit eating, we took him to the hospital to have him examined. About that same time, he began to lose his desire to work."

The distressed woman rearranged herself in the chair, drew a deep breath, then continued with a look of urgency: "He also complained about pains in his stomach, but made it clear that he did not want any medicine."

As I struggled to focus on the somewhat tedious story, memories of thousands of similar stories flooded my mind. These were the stories over the years which often made me doze and at times made me struggle to stay awake.

Yet, I was somehow aware in all those cases that the story was of utmost importance to the storytellers. There was an urgency there not perceived in any other stories.

Down through the ages, with few variations or changes, the story of a human's transit from this life to beyond has always remained fresh and vital on the lips of the narrator.

The story which I was currently hearing, seemingly for the millionth time, was the ordinary story of the everyday woman and man. With minor adjustments, the story literally fit that of untold billions of people across centuries of the ages.

However repetitive, however unworn, everyday people as well as the elite minority have to tell their final stories in order to complete the validation of their lives.

In the case of everyday people, relatively few outside the family are willing to take the time to listen to these stories or to write about them, because the storytellers are of little

worldly importance.

There is a sad irony here. Almost all of us are little people, ordinary people, everyday people. We are the same people telling our stories, struggling to be heard, yet reluctant to hear the same stories told by other little people.

To our shame, we usually devour those near-identical stories told by celebrities, the rich, the famous, the notorious. In fact, many of us cannot get enough of such tales.

Among innumerable such celebrity stories, that of Clark Gable pops into mind when the superstar was exiting this life in the late 1950s via a failing heart.

Newspapers spattered ink in every direction over the rise and fall of Gable's chances, chronicling every sip of water, every morsel swallowed, every nap indulged. The public, of course, ate it up in the printed and broadcast media.

With a calculated coldness or thoughtlessness, we seldom accord one another that deep, evident value which we habitually place on the lives and stories of the wordly great.

How radically wrong and harmful this is to our emotions, to our self-respect and to our religious values becomes crystal clear through the very fact that each human being is driven so very hard to tell her/his life's exit story.

What that indicates is, our final story synthesizes and validates the substance of our life, declaring it to be valuable, meaningful and worthwhile to us and to the world.

Even the story of the Word of God, of the Good News, of God's church, of worship, of prayer and song, is meaningful only if told within the personal story of each of us.

Coast Episcopal offers 'Enlightenment Classes'

The Coast Episcopal PTO will offer "Enlightenment Classes," lectures on various fields given by professionals of the community, on Thursdays from September 9-30 at the high school on Esby Avenue in Pass Christian.

The goal of the project is to enhance the quality of educational opportunities for students and for the community. Classes are from 7 to 9 p.m. and cost \$50 for the series or \$20 a class.

The program utilizes the talents and energy of several individuals of the community. The following topics are offered:

—Class One, "Behind the Scenes of the Legal System," will be taught by Judge Joel Blass. Blass, a Gulfport attorney, is a graduate of Louisiana State University and holds

licenses in both Mississippi and Louisiana.

The Pass Christian resident has been a fellow of the American Trial Lawyers since 1965. Blass has been a Supreme Court Judge and was given one of the highest awards for teaching law at the University of Mississippi.

He has written law books on oil and gas properties. Blass will share his experiences as well as meaningful information on the law during the four-week series.

—Class Two, "The Art of the Western World," will be taught by Don Theriot, a New Orleans attorney who now resides in Pass Christian.

Theriot will share his passion for history in the Enlightenment Series.

His knowledge of European history has gained him the

reputation of an expert in the field, particularly in the arts and literature.

—Class Three, "Money Matters," will be conducted by J.C. Bradford & Co. of New Orleans. A series of topics will be presented by outstanding brokers. They include "Getting Started in Investments" by Bella Viguerie, "International Investments" by Ashok Ghildyal, "Municipal Bonds" by Guy Brenner and "Wrap Up—What you always wanted to know about the financial market but were too afraid to ask" by Shaun Viguerie.

"Cities are known by the schools they keep, and in order for our school to flourish, we must rely on and fully develop our human resources," said PTA president and event chairman Hedy Boelte. "Time and

talents, effectively and skillfully put to use, equal success.

"A strong educational system is not only needed for our children, but for our educators, parents and community. Information well presented gives an individual the powerful position to make intelligent decisions."

resolution."

Duffy said the group of some 750 concerned citizens has a petition with about 1,500 signatures of those opposing a casino in the area.

"We're not against gambling, we are against the location. This is a residential area," Duffy said. "We are not zoned residential, but we are traditionally residential."

A spokesman for Spectrum, Bill Morrison, said the group is still in the early stages of designing the project. He said they are still studying and investigating the area and want to work with the people.

"They (Spectrum) are not trying to ruin the neighborhood," Morrison said. "I agree it is a residential area on the other side of the highway. But that side (of the proposed site) is traditionally commercial."

District 3 Supervisor David LaRosa said he cannot speak for the other four board members, but he does think that the board will uphold the initial resolution.

"I think that Spectrum will be surprised at how organized this group is," LaRosa said. "They are overwhelmingly opposed to gambling in the area and I support the people in my area."

Even though the area, under jurisdiction of Harrison County, is an unincorporated part of Pass Christian, the Pass Christian Board of Aldermen recently passed a resolution opposing a casino in the area.

Auditions slated for Coast Youth Ballet Ensemble

Coast Youth Ballet Ensemble will hold auditions Saturday, Sept. 11 from 10 a.m. to noon for soloists, corps de ballet and apprentice members for the 1993-94 season.

The 25-member company is in its fourth season and rehearses at the Ballet Place at 356 Main Street, Bay St. Louis, where auditions will be held.

Dancers must be 10 years of age or older with at least three years of ballet training and should be on pointe or of a pre-pointe level.

Dancers should arrive by 9:45 a.m. with proper ballet attire. Those dancers who do not make the ensemble will still be eligible as extras in the CYBE production of "The Nut-

cracker" scheduled for Dec. 4 and 5 at Bay High Auditorium.

The Coast Youth Ballet Ensemble is a non-profit organization offering young ballet dancers an opportunity to perform at least three times a year as well as making available short programs, lectured demonstrations, and ballet workshops to dancers and dance audiences along the Coast.

Artistic director Sharon Loiacano said, "I believe it is important to encourage the growth of our local performers and to continue to expand appreciation for the fine arts on the Coast."

BSL budget hearing set

A public hearing will be Tuesday at 6 p.m. at the Bay St. Louis City Hall Annex to discuss the proposed 1993-94 budget for Bay St. Louis.

Mayor Eddie Favre has proposed a \$10.5 million budget, about \$2.5 million more than this year's amended budget. The proposed budget is said not to increase taxes or utility rates.

Stennis Airport tops 10,000 passengers

The charter passenger count at Stennis Airport has exceeded the 10,000 mark. A charter flight from Houston on Saturday brought the total number of passengers since Feb. 16 to 10,189.

Since the service began, 103 charter flights have landed at the county-owned airport, according to Harold "Buz" Olsen, executive director of the Hancock County Port and Harbor Commission and airport director.

Sun Country, Casino Magic's charter airline, has had the most significant presence at Stennis: 65 flights of 727s have carried 7,118 passengers. Private Jet had the second highest number of passengers with

1,224.

Other charters operating at the airport are Air Nevada, Miami Air, Carnival Air, Express One, AV Atlantic and Continental. Most use 727s for their charter flights, which originate in cities in Texas, Minnesota, Florida, Pennsylvania, Illinois, Georgia, New York, Missouri and Alabama.

"We're pleased to have reached this milestone in just six months," said Olsen. "The Commission intends to continue its support of the Stennis passenger service by improving facilities and services. The county can look for more passenger activity in the months and years to come."

Bay-Wave Chapter I meeting set Sept. 9

The Bay St. Louis-Waveland School District's Chapter I annual meeting will be in the Bay Middle School auditorium Thursday, Sept. 9 at 7 p.m.

"QUOTABLE QUOTES"

By Ellis C. Cuevas

Don't forget to make your contribution to the annual Jerry Lewis Muscular Dystrophy Telethon. It will be from 6 p.m. Sunday through 6 p.m. Labor Day.

This year, the Waveland Civic Association will have Casino Magic, Bay St. Louis, as the pledge center for the Mississippi Gulf Coast.

In case you want to make a pledge or donation in person, you can stop by the Muscular Dystrophy headquarters on the second floor of Casino Magic.

Louie Smolensky is once again the Coast general chairman for the Labor Day weekend drive and will be happy to see you.

There will be a fish bowl, too, for donations.

Louie hopes to top last year's figure by 50 percent and will have a lot of coffee and pastries all night.

The telephone number to call to make your pledge is 466-8070.

The Bay St. Louis and Waveland Firefighters will also be doing their annual roadblocks to help the Muscular Dystrophy Drive.

The annual drive will be telecast on Fox 38 in New Orleans, which is channel 10 in the Bay-Waveland area.

The annual Waveland Civic Association's fireworks display will be tonight (Sunday) at 8.

The big event will take place at the Garfield Ladner Memorial Fishing Pier near Coleman Avenue in Waveland.

Jay Lagasse, president of the Civic Association, welcomes everyone to the fireworks.

The fireworks are in cooperation with Bay St. Louis, Waveland and Hancock County.

Tomorrow is Labor Day, and this means (weather permitting) there will be a large number of boaters in our area on the waters.

All boaters are urged to keep abreast of weather conditions, as we have had our share of severe thunderstorms in recent weeks.

Make also sure you have all the necessary safety equipment on your boat.

Drinking and operating a boat is a problem, just like drinking and driving, only it is more serious when one is operating a boat.

There are far too many boating accidents, and many of them are alcohol-related.

I wish each and every one of you will have a very good and safe Labor Day.

Drive safely, too.

Bayou Caddy sewer plan leaves unanswered questions

Dear Editor,

If allowing Bayou Caddy to run a sewer line through Waveland is a great deal, then why have the mayor and aldermen been unable to answer "How much revenue will Waveland make?"

For example, during the budget hearing, the mayor said 28 cents per gallon will be charged to Bayou Caddy for their 50,000 gallons of sewage per day. That is an impressive five million dollars!

A letter to the Sea Coast Echo gave a figure of .028 cents per gallon at 50,000 gallons per day. That is roughly \$500,000 per year of which half will be used for treatment cost.

Now Alderman Colson is saying this deal will generate an asset of \$75,000 or more without any cost to Waveland. (Is this asset the lift station, sewer line, and upgraded lift station that the Bayou Caddy needs anyway to dump their sewage?)

Which is it, folks? I am grateful that the citizens are not paying for any construction cost, but there are a lot of unanswered questions.

How much will Waveland

actually make in revenue and why isn't this revenue in this year's budget?

How much will it cost to maintain Bayou Caddy's sewerage line?

Why are the taxpayers borrowing \$160,000 from FHMA to build another sewerage line if the Bayou Caddy deal is a solution to Waveland's sewer problems?

I hope the "undetermined" revenue will pay for these issues. And, why can't the City of Waveland annex just Bayou Caddy if it's going to handle 18 million gallons of their sewage?

Since Alderman Colson is proposing a study for a gambling site at the end of Coleman Avenue, instead of annexation, how will Waveland manage the sewage from another casino?

Please, we need more people to come to the board meetings to ask questions and demand answers. Your tax dollars, your community, your livelihood are managed by five individuals you may not know and yet trust. It is worth the time! Next meeting is Sept. 7.

Henderson Point resident opposes casino there

Dear Editor,

We had lived there for years in quiet seclusion.

Each one knew his neighbor, the sheriff, too.

None would suspect that the bad guys would see

Our town a desirable place to be.

But the next town over raised a terrible fuss

And ran them out of town toward us.

And so one morn' we opened our shades

To see them threatening to make a raid.

They didn't ride black horses, only white limousines

They used for their guns, pockets of green.

And suddenly instead of the threat they had been,

With open arms we became their friends.

They spoke of all the good they would do,

Providing us fun and money,

too.

Supporting our schools, reducing the tax

They didn't look like a man with an ax!

Gulfport's "Purple-People-Eater" and more,

Providing police new cars galore,

Free booze, free lodging, free breakfast, indeed

It all looked so wonderful; how would it be...

That the crime rates increased

The hospitals filled

With those seeking money or Despondent to live —

And now they are here, not in the next town,

And some of us wonder, some only look down.

I just have one question that's bothering me,

"When did the 'bad guys' become the 'good guys' we see?"

How could medical fraud in Diamondhead go undetected?

Dear Editor,

I find it appalling, detestable and unbelievable that Dr. James Boyce ("the Miracle Doctor" the Times Picayune called him) has been able to do what he has done right under the very noses of the area's law enforcement agencies, and right in the front yard of one of the fastest growing, respectable communities on the Coast!

One of his employees, I've been told, is or was the wife of a Hancock County sheriff's deputy, who frequently visited his wife at the so-called Natural Options office.

His landlord is a respected member of the community. He was bonded on each side by reputable businesses.

Me thinks there is something amiss here, that this giant of a man was able to fraudulently

dupe some very nice folks out of thousands of dollars at the expense of their health and welfare.

Another employee stated, many had to go into a Slidell hospital for treatment after mis-treatment by the so-called "Dr." Boyce. Why, why was this aspect of this situation not investigated by the authorities?

I think the good folks in Diamondhead deserve some answers. Who else would be benefitting from this type of operation? And what about all the other people connected with this man?

In appreciation of you printing this letter, with the hope that some more information comes forth.

Sincerely,
Ms. B. Rolland and Family

Waveland needs recycling program

To the Editor:

Everywhere else in the country it was Aug. 19, 1993, but at the Waveland city budget meeting it felt 20 years behind. After hearing of the excessive amount of monies (approximately \$40,000) proposed for "miscellaneous" needs for '93-94, I asked about plans to initiate some kind of recycling program.

The reply by our mayor, "no one is interested." By reading the major newspapers and keeping in touch with national and world news, we know it isn't a fad or a choice — it is an absolute responsibility as intelligent human beings.

We know that cans, plastics and glass are rapidly filling the landfills and will remain there longer after we are gone. Wasted newspapers and office paper by the ton is costing millions of depleted trees, and we have ways of stopping this waste.

Use the waste — recycle it! We have learned that Bay St. Louis has recycled, in one month, 18 tons of waste, average 11 pounds per house! All of that with only a 58 percent participation rate!

As people learn how to and get into the habit of recycling, that number will increase. All of our neighboring counties are recycling, and nine states have mandatory laws for recycling.

Please contact city hall. Let them know that we are also responsible adults. The cost to us would be minimal, and the city stands to bring in some revenue.

The waste companies tell me that the more homes in participation, the less the cost. Again, let city hall hear from you. Let's get with the program.

Jourdan River site not acceptable for casino

To the Editor:

I am writing to object to the location of a planned casino just off the Jourdan River and just south of Interstate 10.

Most people which I have talked to feel that it is no way our elected officials would allow a casino to be constructed at the proposed site. Well, they are wrong. The Hancock County Board of Supervisors and other elected officials support the construction of this casino.

When we voted for gaming it was to be limited to the coastal waters which lie adjacent to the three most southern counties of the state. However, the rivers, including the Jourdan River, were not in the authorized locations.

So what has happened? The power of 100 million dollars of casino money has hired an out-of-state expert on rivers boundaries, etc., to come down to Mississippi and state that the west bank of the Jourdan River is actually the west bank of the Bay of St. Louis. Now all of us know where the Jourdan River really is, and if the elected officials are in doubt, they should look at the courthouse land records and property deeds parcel numbers which will clearly identify to them where the Jourdan River is within Hancock County.

We don't need a huge boat

marina and huge sewerage plant just south of I-10 on the river to run off its oil, sledge, etc. into the river. This comes with the casino.

For many years this area has been a game reserve, not to mention fine fishing. But watch out, it's almost gone. We must keep what we have.

We didn't know where Lake Evelyn was until the experts arrived, we just thought the construction of I-10 left some fine lakes as the result of dirt removal for road construction.

If the casino is constructed there, what will happen to those huge gar fish and alligators that play there daily?

Time has run out — Tuesday, Sept. 7, 1993 is decision day in Jackson. All concerned persons should contact by phone as soon as possible the following persons:

Honorable Kirk Fordice, Governor, (601) 359-3100

Mr. Ed Buelow Jr., Chairman and Commissioner of Revenue, Mississippi State Tax Commission, (601) 359-1100

Honorable Mike Moore, Mississippi Attorney General (601) 359-3680

I thank you for any and all help which you can give to stop this casino at the I-10 Jourdan River location.

Mayor's press conference contained inaccurate info

To the Editor:

When a politician calls a press conference to try to explain what he/she has done, the press ought to be on guard. Mayor Frilot of Waveland called such a conference on August 17. She played free and loose with the truth, and yet the papers printed what she said without question. If, with a few hours' work, I was able to come up with the facts about some of her statements, it would seem reasonable to expect the reporters to do the same.

She stated that the city's cash balances at Sept. 30, 1990 and 1991 were \$153,000 and \$139,000, respectively. My review of the audited financial statements at those dates shows that the city had unrestricted cash in all funds of \$884,621 at Sept. 30, 1990 and \$645,206 at Sept. 30, 1991. I did not attempt to check her figures for Sept. 30, 1989 as this was before she was mayor.

As to the dispute with the Mississippi Transportation Commission she stated the City of Waveland was first officially notified on Feb. 20, 1992, that the pipelines would have to be moved at the city's expense.

In its suit against the city filed Aug. 4, 1993, the commission states, and I quote:

"The Commission began contacting the City Administration in June of 1990 regarding the

necessity that this pipeline be relocated, and the Commission informed the City that it expected the City to be responsible for relocating the pipeline and bearing all costs associated therewith. The Commission has been corresponding with the current City Administration since May of 1991, making repeated demands that the City relocate the pipeline so that the above referenced project could proceed unimpaired."

Mayor Frilot took Alderman Weidman to task for saying that the mayor had told him that all he needed to know about the pipeline relocation was what was in the newspapers. She stated at the news conference that this was "an absolute lie." I'm not always sure about who is lying to whom in political matters, but this time I am sure, because I was at the board of aldermen meeting at which she made that statement and I have since heard a recorded tape of that meeting. Alderman Weidman quoted her correctly.

I have not at this time been able to fully investigate the deal with Bayou Caddy Casino, but we can only hope that what the mayor has said about it turns out to be closer to the truth than most of her statements at her news conference.

Chivalry lives on in young teen's kind gesture

Dear Editor,

Although I realize the age of chivalry is long ago and far away, a very nice gesture was extended to me yesterday.

I had packed my car at Wal-Mart for a quick shopping trip. As I approached the door, I noticed a lady with a young man, about 12 or 13 years old in front of me, maybe 20 or 30 feet.

As I am used to grabbing the door before it hits me in the nose, I was pleasantly surprised to see the youth hold the door for me until I reached it. He held it for me and I thanked him.

Then he almost ran to the second inner door and opened it and held it for me, too!

He nodded (almost a bow). I thanked him again and told him I hadn't seen a young gentleman in a long time.

I don't know who he was, but I wish to congratulate his parents or teachers, but who knows, maybe he is just a kind, thoughtful little boy on his own merit!

Thanks,
Katie Gallo,
Waveland

NASA selects Manned Flight Awareness honorees

Six employees at NASA's John C. Stennis Space Center (SSC) were recently honored with Manned Flight Awareness Awards.

NASA's Louise Porter of Picayune; Johnson Controls World Services' Melvin "Whitney" Barnes and Roddie Bilbo, both of Bay St. Louis; and Lanee Cobb, Long Beach; Sverdrup Technology's Terry Eveland, Long Beach; and Steinhoff & Sadler's Wayne Jones, Lumberton; were each presented with the prestigious NASA award.

NASA's Manned Flight Awareness Program was established to prevent human error by instilling in civil service and contractor employees an awareness of personal responsibility for shuttle mission success and motivating the exemplary performance necessary to achieve this success.

The six employees were presented pins and certificates by

SSC Director Roy Estes at a recent reception. They will all

have the opportunity to attend the Sept. 10 launch of the Space

Shuttle Discovery at Kennedy Space Center, Fla.

Jerry Lewis Telethon set for Sunday

This year's pledge center for the Mississippi Gulf Coast Annual Jerry Lewis Labor Day

Telethon will at Casino Magic, Bay St. Louis, from 6 p.m. Sunday, September 5, to 6 p.m.

Monday.

The Waveland Civic Association has sponsored the Muscular Dystrophy Association for the past 24 years.

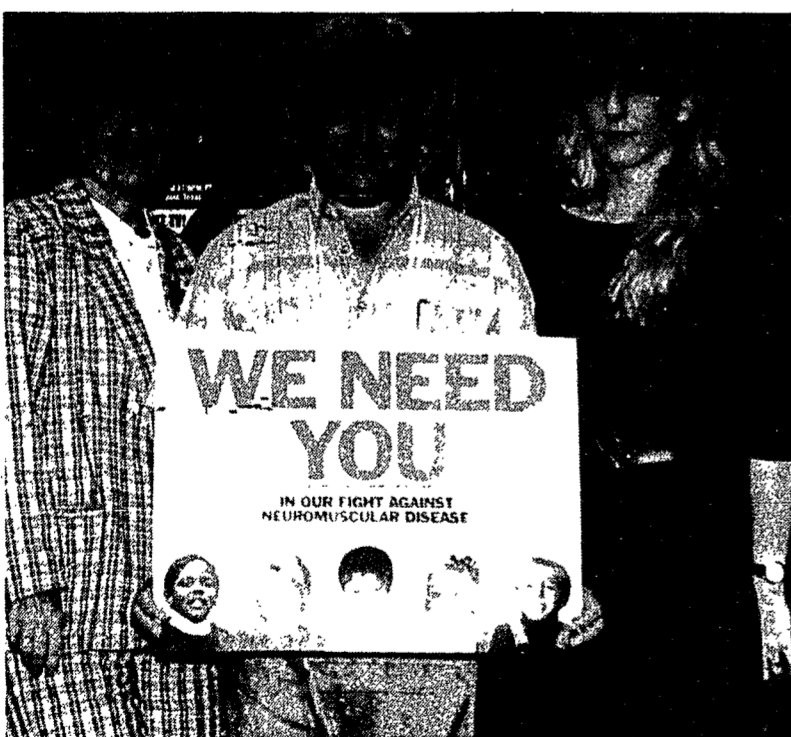

The telethon, which raises money for the Muscular Dystrophy Association, will be aired live on FOX Station, Channel 38 from New Orleans.

In addition to major research for the cause and cure of neuromuscular diseases, MDA also helps provide direct patient services in the form of orthopedic appliances and aids such as wheelchairs, braces and lifts, clinics and a free summer camp.

"We have so many volunteers giving up their time. We hope everyone will call or pass by to bring pledges," said Louie Smolensky of the Waveland Civic Association.

Over 200 people on the Gulf Coast have MD. The money pledged goes to the Gulfport clinic and to the summer camp, said Smolensky.

Pledges can be made by calling 466-8070.

Casino Magic director of donations and sponsorships Fran Cracchiola, Smolensky and Carlyn Long of Casino Magic.

Headstart needs contributions

The Bay-Waveland Headstart Program is attempting to raise funds to purchase items not funded by government monies.

Spokesman Velma Frederick said, "Our center located in the old St. Rose de Lima school needs fans, air conditioners, desks, chairs and even file cabinets."

Any in-kind contributions would be appreciated, as government funding does not provide for such items, Frederick said.

Donations are tax deductible. The Bay-Waveland Headstart Program provides services for some 160 youngsters

ages 3 and 4 years old.

The current session for the Headstart program will begin on Tuesday, Sept. 7 and go through May, 1994.

Frederick said there always is a waiting list for students, and the quota for new year is already filled.

Students are at the facility from 8 a.m. to 2 p.m. and are picked up and delivered by a special Headstart bus.

Persons interested in making contributions can call Frederick or Glendell Hall at 467-3285.

Magnolia Fest this weekend

The Magnolia Festival will be this Labor Day weekend, September 4-6.

Located at the foot of the Bay Bridge on Highway 90 and Beach Blvd, there will be plenty food, fun, crafts, music and games.

Rocks fall to Oak Grove

Special To The Echo
BY JOSEPH GEX
The St. Stanislaus Rock-a-chaws traveled to Oak Grove on Friday looking for their first win of the 1993 season. The Rocks came short with a 37-0 loss to the Warriors of Oak Grove.

St. Stanislaus held the Warriors to only 6 points until the waning seconds of the first half. The Rocks played the whole game with a two-quarterback system. Nathan Middleton and Correy Gex called the signals and led some good drives; however, they could not get the ball in the end zone.

The Rocks received the kick-off and brought the ball out to the 45-yard line. They started the game with an up-the-middle handoff to Allen Schaefer for a gain of 5 yards. They went back to Schaefer for a minimal gain.

The Rocks gained a first down with a penalty by the Oak Grove Warriors. Schaefer carried the ball twice for moderate gains and the Rocks had to punt.

The Warriors had a long, sustained drive that ate the clock in the first quarter. Behind the

hard-nosed running of James Griffith, the Warriors used the ground game to move the ball to the Rock 13-yard line.

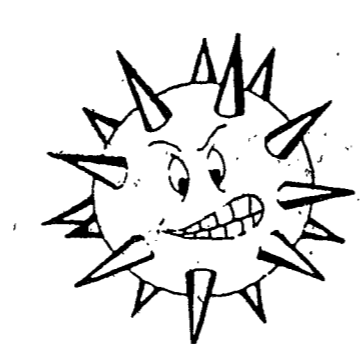

Griffith scampered 13 yards off-tackle to score the first touchdown of the evening. The PAT by Michael Lipps failed. With 1:07 remaining in the first quarter the score was 6-0.

The Rock offense came out strong with an 18-yard pass from Gex to Brooks Quinlan. They had minimal gains from Middleton and scatback Jeep Mestayer. The Rocks had to punt to the Warriors but the defense came out fired up and ready to hit.

The Rock-a-chaw defense, led by Kenny Monti, Lee Seal and Leo Seal, helped shut down the Warrior offense in the second quarter. Monti had several tackles for losses as the Seals anchored the defensive front.

The Rock defense gave the offense every chance they needed to get on the scoreboard. However, the offense sputtered for the remainder of the first half.

The Warrior offense, shut down by the Rock defense, took a last-chance bomb with five

seconds to go in the first half. Oak Grove's pass from Olo Williams to Fleetwood Loustalot was good for a 45-yard score. The 2-point conversion attempt was stuffed by Rock defender Rocky Sapia, leaving the score at 12-0.

The Rocks came out cold in the second half, while the Warriors capitalized on good field position and scored on their first possession. Williams ran a quarterback sneak up the middle for a 2-yard score 1 1/2 minutes into the third quarter. A failed PAT attempt made the score 18-0.

On their second possession of the quarter, the Rocks got a few first downs from Quinlan and Schaefer, but they had to give the ball back to the Warriors.

The Warriors didn't waste any time getting back on the scoreboard. They drove deep into Rock territory and Williams scored again on a quarterback keeper up the middle. The PAT attempt failed. With 2:55 remaining in the third quarter the score was 24-0.

The Rock offense sputtered with their next possession and punted the ball back to the Warriors. The Warriors drove into

Rock territory and Griffith scored on a 33-yard sweep. The PAT attempt failed. With 18 seconds left in the quarter the score was 30-0.

The Rock offense remained cold in the fourth quarter and turned the ball over to the Warriors. The Warriors had another sustained drive into Rock territory.

With powerful running from Roderick Williams, the Warriors sliced through a tired Rock defense. Williams scored on 16-yard off-tackle run. The PAT attempt was good, and the score was 37-0 three minutes into the fourth quarter.

That last touchdown concluded scoring for the game. The last nine minutes of play saw the ball change possession several times, but no more points were put on the board.

The Rocks gave some field time to new players, including freshman running back Corey Charles and quarterback Masud Shamsid-Deen, but the offense could not get anything to go their way.

When asked what he thought of his team's performance Ken Lyons said, "I thought that the first half was exceptionally well played by our team. We hung in there and had chances to score but just didn't capitalize. The second half we came out cold."

He concluded, "We just didn't get our offense and defense working together. We have Biloxi this week to concentrate on and I hope that we will get into sync with what we have to do to win."

The Rocks will host the Indians this Friday, with kick-off at 7:30 p.m.

Dorr claims bronze medal in kumite

Mississippi Highway Safety Patrol (MHSP) trooper, Cpl. Houston J. Dorr of Diamondhead, won the bronze medal in karate kumite (fighting) in the World/Police Fire Games in Colorado Springs, Colo., on Aug. 7.

Cpl. Houston Dorr

Dorr, who participated in the world games for the first time, competed with more than 200 officers and firemen.

Sgt. Bobby Reed of Walls, also with the MHSP, earned four medals in the pistol competition. He won the gold medal in combat pistol shooting, a silver medal and two bronze medals.

Other MHSP troopers participating in other categories of the international competition were Cpl. Buddy Blackwell of Meadville, and Sgt. Vernon Gazzo of Ocean Springs.

Gazzo shot in the Police Pistol Combat matches and Blackwell competed in the biathlon, the 10K run and the "toughest competitor alive."

The Mississippi Troopers Association and the Mississippi Highway Safety Patrol co-

sponsored the troopers in the worldwide games. More than 5,000 participants from the United States and several foreign countries entered the 52 events.

The next World Police/Fire Games will be in 1995 in Melbourne, Australia.

Hawks edge Rebels 9-7

BY TRACI BONNEY

The Hancock High Hawks, after a 14-13 loss in Biloxi to open the 1993 football season, came back this week to post their first win.

The 4-A Hawks, capitalizing on mistakes made by the George County Rebels, captured a 9-7 victory at Hawk Stadium Friday night.

The game began with the Rebels receiving. Jonathan Burge caught the opening kick, but was stopped by Hawk Bradley Perniciaro at the 23-yard line.

Over the next three plays, the Rebels advanced to the 37, then lost the ball to the Hawks on a fumble at the 41.

The home team's happiness was short-lived, however. The Rebels held the Hawks, allowing them to advance only a few yards before forcing a punt.

The ball switched sides again several plays later on a Rebel punt, and the first quarter ended with the Hawks in possession at the 4-yard line.

The Hawks spent the first couple of minutes in the second quarter trying in vain to score the night's first TD, but were repeatedly stopped at the goal line. The Rebels, forcing a turnover, moved only 10 yards over the next four plays. Forced to punt at their own 11-yard line, George County gave Hancock their first 2 points when the ball was snapped over the punter's head and he was downed in the end zone for a Hawk safety.

The Hawks, now in possession of the ball, immediately tried to gain some yardage. The

first attempt was successful. Matt Harmon took the Rebels' kick at the Hawk 24 and ran the ball to the 50 before being tackled.

The Hawks' second try to move the ball, on the other

cepted a pass and ran right to the Hawk 48.

The Rebels spent the next 15 seconds vainly trying to gain yardage before the half ended.

The third quarter started with the Hawks receiving. After

who suffered from a high-altitude snap. The ball went over punter Chris Sims' head and rolled dead at the Hawk 10.

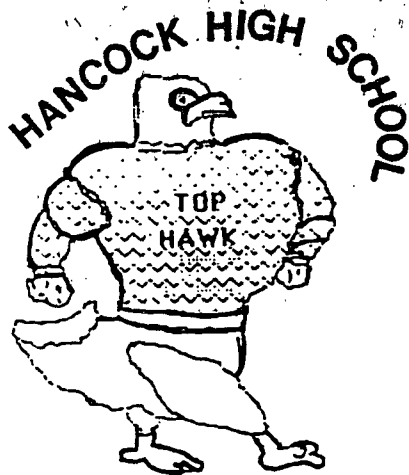

The mistake cost the Hawks their shutout. The Rebels quickly invaded, taking only three plays to score. The kick was good, making it 9-7.

However, the clock showed only 1:28 left in the game, and Hancock now had possession of the ball. The Hawks ran out the clock to seal their victory.

Hancock head coach Irvin Favre commented, "I'm glad we won. I'm glad it's over; it's a hot, muggy night to have to play."

Asked what cinched the win for the Hawks, he remarked, "We controlled the ball for most of the second half; we played good defense and capitalized on our opponents' mistakes. Oh, we made a few mistakes ourselves, but all in all, we played good ball tonight."

The 1-1 Hawks host the 5-A Picayune Maroon Tide next Friday at Hawk Stadium.

hand, did not end as well. Scotty Davis got off a beautiful pass, but Rebel Corey Adams snagged it before it could reach the intended receiver.

Adams' interception gave George County the ball at their own 45. The Rebels pushed into Hawk territory, but were set back by two consecutive offsides penalties. Forced back to their own 44-yard line, the Rebels tried to move forward, only to have Rebel Joey Anderson hit in the backfield by Hawk Nathaniel Jewell.

The Rebels made a short gain of 7 yards when Cedric Sargent received a pass before being sandwiched by two Hawks at the Hawk 46.

With a fourth down and 1 situation, the Rebels decided to go for it. A quarterback sneak bought them the yard they needed for the first down.

The Rebels held onto the ball for another five plays, but were forced to punt from the 37. The ball went down in the end zone to make it first and 10 for the Hawks at their own 20.

Lance Wedgeworth immediately gained 6 yards on a carry to the right, but incomplete passes, lost yardage and a 15-yard clipping penalty forced a Hawk punt near the end of the first half.

The Rebels had the ball for less than a minute before they were forced to punt. Wedgeworth received the ball at the Hawk 45 with 37 seconds on the clock, but the Hawks lost it on the next play when Burge inter-

moving the ball into Rebel territory, the Hawks lost possession on a turnover at the Rebel 27.

George County's short-lived drive ended four plays later with a punt which put the Hawks on the Rebel 6. The snap sailed over the punter's head; he recovered the ball, but was tackled at the 6.

That was the break the Hawks needed to cement their lead. Wedgeworth moved the ball to the 3 on the next play, and Perniciaro took it over the line for the Hawks' one and only TD of the night.

The PAT kick was good, and the score was 9-0 with 5:09 left in the third quarter.

The Rebels took the ensuing kick and held the ball for six plays before being forced to punt.

The Hawks took the punt at their own 25 and used the rest of the quarter to move the ball to their 42-yard line.

In the fourth quarter, the Hawks retained the ball for another two plays before punting. The punt was blocked by Burge and the Rebels recovered it at the Hawk 24.

Two plays later, the Rebels fumbled and Hawk Miguel Smith swooped down on the loose ball. The Hawks held on for another 12 plays, moving into Rebel territory, but lost yardage put the home team in a fourth and 16 predicament that left the Hawks no option but to punt.

This time it was the Hawks

SSC Hardwood Club to meet

The Hardwood Club of St. Stanislaus will meet Wednesday, September 8 at 7 p.m. in the conference room (across from the library, under the stairwell) at SSC.

New members are welcome to join the organization, which is comprised of parents, friends and supporters of the school's basketball program. Membership fee is \$5 per person. For information, call the school at 467-9057.

Jr. Rocks fall to Pirates

St. Stanislaus' Tyree Haynes took the opening kickoff 80 yards down the Pass Christian field for a touchdown Monday night, only to be called back on a holding penalty.

The junior high team drove the ball 20 yards to the Pirates 35-yard line, only to come up a yard short of a first down. A stingy Rock-A-Chaw defense held the Pirates to a 0-0 standoff through the first and second quarters of the game.

Pass Christian took the second half kickoff was unable to manage a first down. The next possession saw the Rocks on Pirate turf, but still unable to convert.

The game remained scoreless until a Pirate drive down the field resulted in a touchdown with

six minutes left in the game. Fumbling the extra point try, Pass Christian quickly recovered and gained a two-point conversion.

SSC received the kickoff and drove to their 45-yard line when Derrek Bradley took a quarterback sneak up the middle and to the sideline for an apparent TD, only to hear the referee announce he stepped out at the 17-yard line.

The Rocks drove to the 12, but were stopped on a pass interception in the end zone with 2:50 left in the game.

SSC caused a fumble on the third Pirate play, recovering on the opponent's 40-yard line. They drove to the Pass Christian 15, only to see the ball intercepted in the end zone.

Researchers target old and new pear cultivars

By Dr. Milo Burnham

Horticulturist
Mississippi Cooperative Extension Service
Horticultural information is growing at a fantastic rate. The books, magazines and journals are so numerous and come at such a rapid pace that it is impossible to keep up.

Recently I discovered the "Fruit Varieties Journal" - a quarterly of the American Pomological Society. Apparently this isn't a new magazine, just new to me.

Dr. Frank Matta, fruit researcher and professor in horticulture at Mississippi State University, introduced me to the journal after giving me two different cultivars of Asian pears to taste. I asked for their botanical names, and Dr. Matta answered by showing me an article on Asian pears he and a graduate student had published in "Fruit Varieties Journal."

Asian pears are a pretty new fruit in the state, and part of Dr. Matta's research is to determine if they can be grown in Mississippi. If what I ate was any indication of what can be produced, I'd have to say an

emphatic yes.

There are many questions still to be answered about Asian pears. Eating just two pears is no basis for making

taste was somewhere between the two fruit and the sweetness was high. In a word, it was great.

Dr. Matta told me he has

any decisions about these fruit except that I'd like the opportunity to eat a lot more of them.

Asian pears don't have the typical pear shape but look more like apples in pear clothing. That is, they are greenish or yellowish with a skin that is somewhat russeted. You may have seen Asian pears in the grocery store; they are usually individually wrapped and high priced.

One of the pears I ate was firm, but the flesh was crisp yet tender, if that is possible. It wasn't like eating a pear and neither was it like eating an apple. The

about 15 different Asian pear cultivars under evaluation at the Pontotoc Branch of the Mississippi Agricultural and Forestry Experiment Station. The two I ate were of two of the earliest maturing cultivars.

Hopefully, I'll get a chance to taste some others in the coming weeks. Let's keep our fingers crossed that research on Asian pears will show they can be successfully and profitably grown in Mississippi.

Still on the subject of pears, the issue of "Fruit Varieties Journal" I looked at contained an article entitled "Pears from the Past Preserved for Posterity."

Imagine that. There are people saving old pear cultivars.

The article said about 250 different cultivars of pears over 100 years old are being maintained as living trees at an Oregon repository.

At least 15 of the cultivars are over 400 years old and pear researchers are able to obtain graft wood of these ancient pears for research and evaluation purposes.

One of these ancient pears was reported as early as 1495 in Europe, and a number of these ancient cultivars are still widely grown around the world today.

Amazing!
It's all horticulture, and it's fascinating!

Lions Club

Lion Larry Watkins and Lion Bill Goodrich, members of the Picayune Evening Lions Club presented a \$300 check to Alicia Olson, a 16-year old junior at Pearl River Central High School.

Olson was invited to participate as a Congressional Scholar representing Mississippi and her hometown, Picayune/Carriere at the October 5 to October 10, 1993 session of the National Young Leaders Conference in Washington, D.C.

The National Young Leaders Conference is sponsored by the Congressional Youth Leadership Council and is not affiliated with any political party or the federal government.

The conference provides opportunities for select groups of exceptional high school students to exchange opinions and ideas with the nation's leaders and newsmakers from the three branches of government, the media, and the diplomatic corps. Students are immersed in an interactive curriculum designed to develop their leadership potential.

Contributions from the Picayune Evening Lions Club, as well as other Lions Clubs and other private donations will make Olson's trip possible.

WEDDINGS, ENGAGEMENTS

Wilson-Scianna

Debbie Langenbacker Scianna and James Kevin Wilson were united in marriage at 8 p.m. Saturday, July 31, 1993.

The double ring ceremony was officiated by the Rev. Vernon Walters at South Winds Wedding Chapel in Pasadena, Tex.

Wedding music was provided by Mrs. Rita Scianna, pianist, and Mrs. Vicki Scianna, soloist.

Following the ceremony, a poolside reception was hosted by Mr. and Mrs. Lester Barker at their home in Pasadena.

The bride is the daughter of retired Air Force SMSGT Frank and Carol Langenbacker of Waveland.

The groom is the son of Mr. and Mrs. James Austin Wilson of Tyler, Tex. He is the paternal grandson of Lee A. and Dorothy Wilson of Tyler. His maternal grandparents are Jewel Terry and the late Walton Terry of Jacksonville, Tex.

Escorted by her son, Steve Scianna Jr., the bride chose a gown of candlelight satin and beaded Alencon lace. The fitted bodice of Alencon lace featured a sweetheart neckline and elbow length sleeves embellished with pearls and iridescents. The softly shirred skirt of satin ended in a chapel length train. She chose a headpiece of miniature roses and pearl streamers. She carried a cascading bouquet of magnolias, tulles, miniature roses, stephanotis and ivy.

Attending her mother as maid of honor was Courtney Scianna. She carried a bouquet of three long-stemmed pink roses, tulles and baby's breath.

Hilary Jones, niece of the bride, was flower girl. She carried a white basket of pink and white rose petals.

The bridal attendants wore tea-length gowns of pink satin.

Best man was Andy Garrett of Tyler, Tex. The bride is a 1975 graduate of Bay High School. She received an associate degree from San Jacinto Jr. College in Pasadena, Tex. She has attended USM and University of Houston, and is an alumni member of Phi Theta Kappa and Phi Ro Pi. She is a member of St. Pius Catholic Church and is a volunteer with the Adult Literacy Program in Houston. She is employed with East Texas Distributing, as national sell-thru coordinator.

The groom is a 1984 graduate of John Tyler High School in Tyler. He attended Stephen F. Austin State University and is an alumni member of Phi Mu Alpha, and Kappa Kappa Psi. He is an assistant manager with Blockbuster Video in Houston.

Following a wedding trip to Fredericksburg, Tex., the couple resides in Pasadena.

Heitzmann-Ladner

Sherwin Ladner and Sissy Heitzmann

Mr. and Mrs. Wayne A. Heitzmann of Ansley announce the engagement and forthcoming marriage of their daughter, Ceyrelia "Sissy" Heitzmann, to Sherwin Ladner, son of Mr. and Mrs. Edwin L. Ladner of Necaise Crossing.

The bride-elect is a 1990 graduate of Hancock N. Central High School. She earned an associate degree in medical office technology at Pearl River Community College.

She is employed by Memorial Hospital in Gulfport.

She is the granddaughter of Mr. and Mrs. Toxie Hall of Ansley, Mr. and Mrs. Gerald Guggie of Presque Isle, Maine, and the late Theodore Heitzmann. She is the great-granddaughter of Mrs. Mable LaFrance of Ansley.

The prospective groom is a 1989 graduate of Hancock N. Central School and attends the University of Southern Mississippi where he will earn a bachelor of science degree in mathematics and a minor in chemistry in December 1993. He is employed by the Naval Research Laboratory at Stennis Space Center.

He is the grandson of Mr. and Mrs. Denford J. Ladner of Necaise Crossing and Mrs. and Mrs. Clifton Ladner of Dedeaux Community. His great-grandmother is Magnolia Necaise of Necaise Crossing.

The couple will exchange vows in a September 18, 1993, ceremony at 6:30 p.m. at St. Matthew the Apostle Church in Necaise Crossing. Family and friends are invited to attend a reception at the Hancock County Civic Center.

BIRTH

JOHN BATISTE POOLSON JR.

CLUBS

American Legion
Auxiliary
Unit 139

The monthly birthday party, sponsored by the Clement R. Bontemps American Legion Auxiliary Unit 139 for the residents of Hotel Reed Nursing Center was Thursday, August 26.

Because of illness, the entertainment was cancelled, but the birthday gifts for the celebrants were brought to the center by Roslyn Weathers and Elaine Roberts.

Shirley Clemons, VAVS chairman, treated 12 patients from the Gulfport VA Hospital to an ice cream and cake party Tuesday, Aug. 31 at the Legion Clubhouse.

The ladies who donated and volunteered for this event were Clara Arnold, Evelyn Burns, Judy Gavney, Janelle Necaise, Margaret Prevou, Bobbie Tomlinson, Roslyn Weathers and Hazel Wohlschlegel. They fixed snacks of sandwiches, potato chips, ice cream and brownies, which were enjoyed by all.

Janelle Necaise, membership chairman, requested that members who have not paid their dues call her at 467-8362 or Susan Piazza at 467-0175. They will be happy to pick them up, or come to the next meeting Sept. 13 at the Legion home.

Hancock
Women's Club

After a summer recess, the Hancock Women's Club will hold its first fall meeting at 11 a.m. Thursday, Sept. 9 at the Galley, Waveland Resort Inn.

Members are asked to bring non-perishable food items for donation to the food pantry to help the needy of Hancock County.

Majority of Byrd Scholars choose out-of-state colleges

A majority of Mississippi's Robert C. Byrd Honors Scholarship winners will be leaving the state to attend college. Forty-six of the 75 Byrd scholars, 61 percent, have indicated to the state Department of Education that they will attend an institution of higher learning outside of Mississippi.

This year's winners are the third group in which a majority has chosen colleges out of Mississippi since the program began in 1986.

Dr. Tom Burnham, State Superintendent of Education, commented that he was disappointed that an out-of-state trend appears to be developing among our top scholars.

He said, "The most attractive scholarship offers seem to come from the out-of-state institutions. Our in-state colleges and universities do the best they can

with scholarship offers, but the competition for our brightest students is intense. I sincerely hope these students who leave Mississippi will come back when they have completed their educations. We have many opportunities in our state, and we need their brain power.

Applications for the scholarships, named for the long-time legislator from West Virginia, were judged based upon ACT/SAT scores, grade point average, extracurricular participation, honors and awards, and a one-page essay entitled "Why I Intend to Go To College." Financial need of the applicants was not a factor.

Scholarship winners were announced in May and each is required to show proof that he/she will be enrolled in college. Winners were distributed equally across the state with 15

being named from each congressional district. Each Byrd Scholar receives a \$1,500 scholarship per year for four years of college work.

The 75 Byrd Scholars will be attending the following institutions: University of Mississippi, 13; Mississippi State University, 8; Tulane University, 4; Millsaps College, 3;

Duke University, 3; Rhodes College, 3; University of Alabama, 3; Northeast Mississippi Community College, 2.
